TECHNOLOGY UPDATES

Laptops will be available for pickup daily between 8 am and 4 pm Monday – Friday. If you have any immediate laptop issues please contact the school at 910-488-2384.

If you have any technical issues with your laptop, please contact technology at 910-678-2618.

If you have any Rapid Identity issues please email one of your teachers.

Students who received laptops with the #s 14-15 or 15-16 etched on the top cover, need to return the laptops to the school and receive new devices as these do not work with Canvas. Also, if your student has a red laptop they will need to return them and receive a new laptop as well. Laptops can be picked up or exchanged this coming week, Monday-Friday from 8am-4pm.

Damaged Chromebooks

- If a chromebook has been damaged, the student/parent will return the chromebook to the school. Damages include cracked screens, liquid being spilled on the device, keyboard damage, cosmetic damages to outside or inside of the device, etc...
- The student will then be issued a "Loaner Chromebook".
- A work order will be placed for the damaged chromebook.
- Once the CCS tech looks at the damaged chromebook, they will decide if it is repairable.
- If it is repairable, then the student/parent will be charged depending on the damage.

Chromebook Repair Fee Schedule:

- First offense: \$50
- Second offense: \$75
- Third offense: \$100
- Lost device or damaged beyond repair: \$175

Parents signed a contract with this information on it when the chromebook was assigned to the student.

Once the chromebook is repaired, then the parent will be called and asked to return the loaner and pay for the damages to the device.

*Chromebooks that are having software problems, will follow the same procedure. Bring the chromebook to the school and receive a loaner chromebook until the device is repaired. We'll call the parent to pick up the original device when it is ready and the loaner device will be returned at that time.
